

# Strategic Planning

Focus on building your team and removing obstacles while encouraging your organization to focus its energy on the big picture driven by the Mission, Vision, and Values of your organization.

- **Mission:** What do you intend to accomplish, your overall purpose, the reason you exist.
- **Vision:** How will you achieve your mission
- **Values:** Principles or standards that you consider worthwhile and that you use to live or work by.

Upon completion of the Mission, Vision, Values review, participants are then taken through excersizes that ensure the Mission, Vision, and Values are truly reflected in the Strategic Planning direction of the organization.
